**To:** Mary Lou Terrien  
**Subject:** Oppose HB 5232!

To whom it may concern:

I am a proud resident of the Indian Village Historic District in Detroit, Michigan. Our state's current historic district regulations protect our neighborhood's property values and historic character. The proposed HB 5232 would gravely undermine these protections, and ultimately lead to deterioration, blight, and inappropriate development in some of our city's most economically important areas. Strong historic district regulations are an essential component of contemporary urban planning as practiced in major cities and towns throughout this country. Please don't send Michigan backwards as we compete with other cities to attract new residents to our historic centers.

I am firmly opposed to HB 5232 and urge my elected representatives to oppose it as well.

Sincere regards,

Garrick B. Landsberg  
3496 Burns St.  
Detroit, MI 48214
